**WeR4Help** group is the one which helps the poor by fulfilling their needs. We may not be able to eradicate the poverty but at least we are trying to make them happy by providing groceries and fighting for their pensions and so on by putting our maximum efforts. We work for this group not just for the social hours but intentionally to help poor one's.

We, the volunteers of this group and also some of the students of our college(GVPCOE(A)) who actually are aware of all the problems which the poor people are facing , joined our hands together to serve them and make them happy. This strong motive of our group lead us to go forward and take the initiative. This will be very done if you guys join your hands with us by just saving 1 rupee per day. This amount is nothing to you when compared to your pocket money we guess.

We really are looking forward to make the poor much happier than they currently are...and this will be much easier for our group if you guys help us and we are very sure that you'll be moved once you get to know the problems of the poor.
